

LESSON HANDOUT

Madelyn’s Story

Madelyn is really smart, but she never raises her hand to answer a question or to participate. She is always worried that she might look like a know-it-all. Today, Madelyn is really interested in the science lesson.

MADELYN CHOOSES TO BE VULNERABLE AND RAISES HER HAND TO ANSWER A QUESTION IN SCIENCE CLASS.

Directions: Answer the questions below.

1 What problems could Madelyn face by raising her hand?

2 What positive things could happen for Madelyn because she took the risk of raising her hand?
